All of AISC's current standards are available as free downloads to the public in PDF format. For those interested in printed copies, a limited number of softcover versions of AISC's standards are available for purchase to the right.

Current Standards | American Institute of Steel Construction

The American Institute of Steel Construction (AISC) is a not-for-profit technical institute and trade association for the use of structural steel in the construction industry of the United States.. AISC publishes the AISC 360 Specification for Structural Steel Buildings, an authoritative reference in the USA for steel building structure design and which is referenced in all U.S. building codes.

A steel detailer is a person who produces detailed drawings for steel fabricators and steel erectors. The detailer prepares detailed plans, drawings and other documents for the manufacture and erection of steel members (columns, beams, braces, trusses, stairs, handrails, joists, metal decking, etc.) used in the construction of buildings, bridges, industrial plants, and nonbuilding structures.
