Evolution is change in the heritable characteristics of biological populations over successive generations.  
These characteristics are the expressions of genes that are passed on from parent to offspring during  
reproduction. Different characteristics tend to exist within any given population as a result of mutation, genetic  
recombination and other sources of genetic variation.

Durham University (legally the University of Durham) is a collegiate public research university in Durham,  
North East England, founded by an Act of Parliament in 1832 and granted a royal charter in 1837. It was one  
of the first universities to commence tuition in England for more than 600 years, after Oxford and Cambridge,  
and is one of the institutions (along with University College London ...

by Judith Curry Effective January 1, I have resigned my tenured faculty position at Georgia Tech. Before reflecting on a range of things, let me start by answering a question that may have popped into your head: I have no plans to join the Trump administration (ha ha). Technically, my resignation is a retirement event,â€
