People might think the term "cast iron" refers to all early iron work, or that early iron work was always wrought, or that both may be true. They would be wrong. Actually, the basic ...

### **What's the Difference Between Cast and Wrought Iron**

Cast stone or reconstructed stone is a concrete masonry product simulating natural-cut stone and is used in architectural applications. Cast stone is used for architectural features: trim, or ornament; facing buildings or other structures; and for garden ornaments. Cast stone can be made from white and/or grey cements, manufactured or natural sands, crushed stone or natural gravels, and colored ...
