The Institution of Civil Engineers (ICE) is an independent professional association for civil engineers and a charitable body in the United Kingdom. Based in London, ICE has over 92,000 members, of whom three quarters are located in the UK, while the rest are located in more than 150 other countries.

### **Institution of Civil Engineers - Wikipedia**

The civil service is independent of government and composed mainly of career bureaucrats hired on professional merit rather than appointed or elected, whose institutional tenure typically survives transitions of political leadership. A civil servant or public servant is a person employed in the public sector on behalf of a government department or agency.

The ESM defines the minimum technical requirements for the design, fabrication, construction, commissioning, repair, and replacement of both new and existing systems, structures, and components (SSCs), including both maintenance and modification, for programmatic and facility work. They do not apply retroactively (forcing changes to existing SSCs that are not being touched).
