Sound Transmission Class (or STC) is an integer rating of how well a building partition attenuates airborne sound. In the US, it is widely used to rate interior partitions, ceilings/floors, doors, windows and exterior wall configurations (see ASTM International Classification E413 and E90). Outside the US, the Sound Reduction Index (SRI) ISO index or its related indices are used.

Personal Narrative Genre. Personal narratives are a form of writing in which the writer relates one event, incident, or experience from his/her life.

### **Personal Narratives - Ms. McClure's Class**

A social class is a set of subjectively defined concepts in the social sciences and political theory centered on models of social stratification in which people are grouped into a set of hierarchical social categories, the most common being the upper, middle and lower classes. "Class" is a subject of analysis for sociologists, political scientists, anthropologists and social historians.
