contributed to the traditional model by arguing for the separation of administration from political policy making. According to Wilson, citing as authority "eminent German writers," " . . . administration lies outside the proper sphere of politics. Administrative questions are not political questions.

### **Traditional Public Administration versus The New Public**

A systematic comparison of the development of modern bureaucracies in India and Indonesia during the colonial era has never been made. No equivalent of the excellent work done by J.S. Furnivall on the colonial administration in Burma and Java is available.

### **II. Some Remarks on the Development of Colonial**

bureaucracies { e.g., insulation from political pressure, merit based-hiring and promotion, and competitive salaries { take time to take effect. Thus, investments in the civil service require some anticipated future benefit. Low-quality, patronage-based bureaucracies do not have this feature.

### **Civil Service and Patronage in Bureaucracies**

in politics, or at least sufficiently interested to vote. The hero of this drama for many analysts would be the citizen who not only votes but also is sufficiently involved in politics to pay attention to media and other information and who would then make informed choices of political parties and candidates.

### **Bureaucracy and Democracy - European Consortium for**

Writing in the early 1860s, political scientist John Stuart Mill theorized that successful monarchies were essentially bureaucracies, and found evidence of their existence in Imperial China, the Russian Empire, and the regimes of Europe. Mill referred to bureaucracy as a distinct form of government, separate from representative democracy.

### **Bureaucracy - Wikipedia**

country is a great example of a post-colonial developing nation and its developmental history contains very important lessons on the political and economic retardation of the developing world. Nigeria as a colonial entity enjoyed boom in the agricultural production and the mining of mineral resources such as iron ore, tin and coal.
