

comparative political economy a pdf

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word ...

Political economy - Wikipedia

Comparative politics is a field in political science, characterized by an empirical approach based on the comparative method. In other words, comparative politics is the study of the domestic politics, political institutions, and conflicts of countries.

The Comparative Labor Law Journal was founded in 1976 to provide a venue for the very best scholarship in the comparative analysis of labor law, employment policy, and social security issues. In 1997, the Journal moved to the University of Illinois where it was renamed Comparative Labor Law & Policy Journal and its Editorial Advisory Board broadened better to reflect its mission.
