Peace is the concept of harmonious well-being and freedom from hostile aggression. In a social sense, peace is commonly used to mean a lack of conflict (such as war) and freedom from fear of violence between individuals or heterogeneous (relatively foreign or distinct) groups. Throughout history some of the most extraordinary and benevolent leaders have used peace talks to establish a certain ...

Peace war game is an iterated game originally played in academic groups and by computer simulation for years to study possible strategies of cooperation and aggression. As peace makers became richer over time it became clear that making war had greater costs than initially anticipated. The only strategy that acquired wealth more rapidly was a "Genghis Khan", a constant aggressor making war ...
