development, a field of study devoted to understanding constancy and change throughout the lifespan. Great diversity characterizes the interests and concerns of investigators who study human development. But all share a single goal: to identify those factors that influence consistencies and transformations in people from conception to death.

## **DEVELOPMENT THROUGH THE LIFESPAN, 4/e**

Identity Development. During the college years, young people refine their approach to constructing an identity. Besides exploring in breadth (weighing multiple possibilities), they also explore in depthâ€”evaluating existing commitments (Luyckx et al., 2006). For example, if you have not yet selected your major,
