I think the author of this article knocks to many good foods. Such as, but not limited too, beans and lentils. I understand this article is geared towards protein but some of the other foods you list as bad have other required nutrients we need.

Top 10 Best & Worst Protein Sources (vegetarians take note)

Carrageenan, a heavily discussed additive in the world of alternative health, is an indigestible polysaccharide that is extracted from red algae, and is most commonly used in food as a thickener or stabilizer. Carrageenan-containing seaweeds have been used for centuries in food preparations for their gelling properties, but the refined, isolated carrageenan found in modern processed foods has ...
