fat attack the no pdf

Trans fat, also called unsaturated fatty acids or trans fatty acids, is a type of unsaturated fat that occurs in small amounts in nature, but became widely produced industrially from vegetable fats starting in the 1950s for use in margarine, snack food, packaged baked goods, and for frying fast food.. Fats contain long hydrocarbon chains, which can be either unsaturated, i.e., have double ...

A long, irregularly shaped gland in vertebrate animals that is located behind the stomach and is part of the digestive system. It secretes hormones (insulin, glucagon, and somatostatin) into the bloodstream and digestive enzymes into the small intestine or gut.

Pancreas | Define Pancreas at Dictionary.com

VLDL and LDL are types of lipoproteins. Lipoproteins are particles made of protein and fat that transport cholesterol and triglycerides through the blood stream.

High Cholesterol: Stories, News, and Expert Advice

"Fat Man" was the codename for the nuclear bomb that was detonated over the Japanese city of Nagasaki by the United States on 9 August 1945. It was the second of the only two nuclear weapons ever used in warfare, the first being Little Boy, and its detonation marked the third nuclear explosion in history. It was built by scientists and engineers at Los Alamos Laboratory using plutonium from the ...

Wilson disease is an inherited genetic disorder associated with abnormal copper metabolism that results in excess storage of copper, primarily in the liver and brain. Copper is an essential mineral that is absorbed into the body through the diet.

Wilson Disease - Patient Education on Blood, Urine, and

Nonalcoholic fatty liver disease or NASH, a disease due to an abnormal accumulation of fat within the liver. Eventually, NASH scars the liver, and it ultimately leads to cirrhosis or liver cancer. Usually, NASH causes no symptoms, but later in the progression of the disease, they may cause jaundice, blood clots, and coma. Treatment for fatty liver include diet, exercise, medication, and surgery.
