The Council for Curriculum, Examinations & Assessment (CCEA) wish to acknowledge that the Quest for

learning materials are mainly based on Routes for Learning - assessment materials for learners with profound learning difficulties and additional disabilities created by the Qualifications and

The Council for Curriculum, Examinations & Assessment

It's pretty clear it's time for innovative thinking on how to solve organisational performance problems and help people grow and develop in the modern workplace. It's no longer about applying old training practices and templates to new problems. So, whilst there is a lot that can be done to improve the appeal of classroom training or [â€]

6 are excluded because they do not acquire basic skills like literacy and numeracy which are critical for further learning. This has led to a stronger focus on the quality of early education

Education and skills for inclusive and sustainable

Situated learning is a theory on how individuals acquire professional skills, extending research on apprenticeship into how legitimate peripheral participation leads to membership in a community of practice. Situated learning "takes as its focus the relationship between learning and the social situation in which it occurs". The perspective can be contrasted with alternative views of learning ...
