FOREWORD It is a matter of general knowledge that a Hindu not infrequently exclaims, when he finds anything supremely difficult to achieve or understand, "It is like Brahman." This Brahman, or knowledge of Brahman, the attainment of which is thought to be so hard, is acquired only gradually, the steps being those of religion, theology including scholasticism, mysticism and philosophy including science.

vii Introduction This is a practical manual of self-transformation. It takes the form of a working edition of the mythological poems of the ancient Norse Poetic Edda for modern pagans who practice the magic and religion of the North. The poems of the Poetic Edda form the most complete and authentic body of surviving

pre-Christian Germanic religious and magical lore.

Network address translation (NAT) is a method of remapping one IP address space into another by modifying network address information in the IP header of packets while they are in transit across a traffic routing device. The technique was originally used as a shortcut to avoid the need to readdress every host when a network was moved.

Robinson et al. assessed the effects of three different exercise modalities on skeletal muscle adaptations in young and older adults. While all enhanced insulin sensitivity, only HIIT and combined training improved aerobic capacity, associated with enhanced translation of mitochondrial proteins. HIIT effectively improved cardio-metabolic health parameters in aging adults.
