Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios"™rather than simply presenting established facts or portraying a smooth path to knowledge. The process is often assisted by a facilitator. Inquirers will identify and research issues and questions to develop their knowledge or solutions.

Twenty years ago, the world of scientific publishing was very different, with articles available primarily through a subscription model. At BMC, we sensed it was time to develop a new model that would not only maximize the exciting potential of emerging digital technologies, but also meet the needs of those who rely on our industry "™ authors, funders, libraries, and the wider academic community.
