The Cybernetics Society holds scientific meetings, conferences, and social events, and engages in other activities to encourage public understanding of science and to extend and disseminate knowledge of cybernetics and its associated disciplines.

The Cybernetics Society

Party games are games that are played at social gatherings to facilitate interaction and provide entertainment and recreation. Categories include (explicit) icebreaker, parlour (indoor), picnic (outdoor), and large group games. Other types include pairing off (partnered) games, and parlour races. Different games will generate different atmospheres so the party game may merely be intended as an ...

In philosophy, systems theory, science, and art, emergence is the condition of an entity having properties its

parts do not have, due to interactions among the parts.. Emergence plays a central role in theories of integrative levels and of complex systems. For instance, the phenomenon of life as studied in biology is an emergent property of chemistry, and psychological phenomena emerge from the ...
