

the humber wetlands the pdf

This is the List of Wetlands of International Importance as defined by the Ramsar Convention for the conservation and sustainable use of wetlands, recognizing the fundamental ecological functions of wetlands and their economic, cultural, scientific, and recreational value.. The Convention establishes that "wetlands should be selected for the list on account of their international significance ...

List of Ramsar wetlands of international importance

Holderness is an area of the East Riding of Yorkshire, on the east coast of England. An area of rich agricultural land, Holderness was marshland until it was drained in the Middle Ages. Topographically, Holderness has more in common with the Netherlands than with other parts of Yorkshire. To the north and west are the Yorkshire Wolds.. The Prime Meridian passes through Holderness just to the ...
